

Fourth Session

Monday, January 5, 2009 - 8:30 AM to 1:15 PM

Topic

Engaging All Students in Cognitive Questioning

- Introduction
- Review of last workshop's emphasis - student engagement.
- Connect to prior knowledge – what is the impact of questioning?
- Experience a lesson minimal, single-leveled questioning.
- Experience a lesson extended, multi-leveled questioning.
- Identify the levels of questioning - Bloom and Costa.
- How effective questioning fits into what we already know about teaching and learning.
- Lesson planning – how can I design more effective lessons?
